# a | tFLOW

tFLOW® automation
meets intensifying demands with ease.

Aleyant's tFLOW is a powerful digital and large format prepress workflow automation software solution that simplifies difficult file management tasks and processes to optimize efficiency and production throughput.

Automate Repetitive Prepress Tasks
tFLOW eliminates redundant manual touch points and provides team communication tools for today's workplace.

Easy Integration
tFLOW connects with Aleyant Pressero and PrintJobManager. In addition, it integrates with any MIS/ERP, Web-to-Print, and Output System.

Fast. Simple. Safe. Mobile.
Connect to tFLOW from any device, anywhere, anytime.
