

Do you manage
your workflow
or does it
manage you?

tFLOW

Own your workflow.

Aleyant's tFLOW is a powerful digital and large format prepress workflow automation software solution that simplifies difficult file management tasks and processes to optimize efficiency and production throughput.

Automate Repetitive Prepress Tasks

tFLOW eliminates redundant manual touch points and provides team communication tools for today's workplace.

Easy Integration

tFLOW connects with Aleyant Pressero and PrintJobManager. In addition, it integrates with any MIS/ERP, Web-to-Print, and Output System.

Fast. Simple. Safe. Mobile.

Connect to tFLOW from any device, anywhere, anytime.
