

Does your  
workflow look  
like this?

# Meet tFLOW.®

Aleyant's tFLOW is a powerful digital and large format prepress workflow automation software solution that simplifies difficult file management tasks and processes to optimize efficiency and production throughput.

## **Automate Repetitive Prepress Tasks**

tFLOW eliminates redundant manual touch points and provides team communication tools for today's workplace.

## **Easy Integration**

tFLOW connects with Aleyant Pressero and PrintJobManager. In addition, it integrates with any MIS/ERP, Web-to-Print, and Output System.

## **Fast. Simple. Safe. Mobile.**

Connect to tFLOW from any device, anywhere, anytime.
